

Service Learning Project - Monthly Update

Davis Creek Trail Marker Restoration Project

Jun July Aug Sep **Oct** Nov Dec Jan Feb

Team Member Name	History Period	# of Hours	Specific Work Done
(Lead) Lloyd Gonzales	2nd	6.5	Logistics; sustained emails and contact with community partner, reached out to additional potential sponsors
Jaime Garcia	2nd	5.5	Coordinate social media/online presence development (including logo commission); asked Cooney about obtaining materials
Halak Patel	5th	6.5	Helped other two group members in various regards; proofread and developed emails for communication

Summarize the work you've accomplished as a team in the past month:

- We have further developed our online presence in anticipation for future use; a website is being developed, all documents up to this point have been accounted for, and social media accounts on a shared email have been created.
- We have made considerable effort to reach out to additional sponsors and are planning on creating a near-exact cost for this project (with added fallback funding).

Explain difficulties, challenges, or concerns you have about your current implementation:

It has become clear that this project is no longer feasible with the current timeline; we have elected to move installation to early spring, which will give us extensive time to ensure this project moves forward as smoothly as possible. That said, funding still remains a potential issue as does the delivery of the materials, which is outlined below.

Work you will do in the coming month:

- We hope to have ensured funding of the trail marker materials at minimum by the end of November through additional contact and the Rotary Club meeting/presentation described below.
- Ideally, we should have the materials during November, after which we can begin preparing to cut and weld the materials together.

Have you had contact with your community partner(s) this month? **Yes**

If yes, what were the outcomes?

Our community partner has affirmed that he understands the difficulties facing funding and is willing to move the timeline forward; contact with a Rotary Club has been established and a meeting is tentatively scheduled.

** Advisors, please read through the update form. By signing you agree that you had an actual MEETING with the group & discussed past, current, & future progress of the project. This is your time to help make your group as successful as possible.**
